

**SEIU HEALTHCARE WISCONSIN and GUNDERSEN MEDICAL CENTER
ANNOUNCE THE ESTABLISHMENT OF THE MUTUAL INTEREST COMMITTEE**

SEIU Healthcare Wisconsin and Gundersen Health System announce the establishment of the Mutual Interest Committee (MIC), which will provide members and management the opportunity to jointly deal with workplace problems directly and effectively. MIC provides the chance for labor and management to improve their relationship by discussing shared interests affecting the work place.

The committee will meet bimonthly. The MIC is comprised of 12 union-appointed members and hospital -appointed managerial members. The meetings are chaired by one Union-appointed co-chair and one hospital-appointed co-chair. At least one union staff representative and one representative from Human Resource will be in attendance at each meeting.

SUB COMMITTEE

There are also MIC Sub-Committees that are independent of the MIC: Environmental Services, Food Services and CNA. The sub committees meet monthly and allow members and managers to discuss work place issues specific to their department.

MIC Co-Chairs

JILL KING (Environmental Services Assistant)
JEAN MUEHLENKAMP (HR)
